Independent Auditor's Report
To the Shareholders of
Dominage Steel Building Systems Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Dominage Steel Building Systems Limited** (the Company), which comprise the Statement of Financial Position as at 30 June 2022, and Statement of Profit or Loss & Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of the Company as at June 30, 2022, and (of) its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs)

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the 'International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

- 1. During our audit it was observed that Tk. 144,830,000 was paid as Advance against Plant Machinery under the Note number 10: Advances, Deposits & Prepayments. This advance was made to purchase Dredger from IPO proceeds. The utilization of IPO fund did not include purchase of Dredger as disclosed in prospectus, however, it was later approved by the shareholders in annual general meeting of the company. Upon scrutiny of the purchase agreement with the vendor Arena Construction & Engineering dated January 16, 2022, it was further observed that the delivery time of the particular product was 5 months from the agreement date which was not completed within due time and the supplier issued a letter to the Dominage Steel Building System Limited on June 09, 2022 regarding time extension of 6 months to complete the work. It is also to be noted here that the total purchase consideration of the Dredger was made payment amounting Tk. 144,830,000 out of 147,694,000 from IPO proceeds though the machine was yet to be supplied/assembled.
- 2. The Company's inventories are carried in the statement of financial position at June 30, 2022. The company reported project work in progress of Tk. 418,889,607. Out of which Tk. 192,689,219 reported as non-current portion and Tk. 226,200,388 reported as inventories (current portion). On June 30, 2022 we were not able to visit the factory premises due to the company's limitation, however, at a later date (14.11.2022) surprise visit was conducted at factory for physical verification to confirm their inventory. The company provided project wise inventory and other related documents along with a written explanation in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

R. K. TOWER (LEVEL-10 & 6) 86, Bir Uttam C.R. Datta Road (312, Sonargaon Road), Dhaka-1205 Tel: 88-02-9635139, 88-02-223364597

Risk

Our response to the risk

Revenue Recognition

During the year ended 30 June 2022, total reported revenue is of Tk. 449,026,637. The company generates revenue through execution of contracts with Government & Non-Government Institutions and other local parties.

Sales revenue recognized by the company comprises multiple streams. At first, when contract is signed steel component is delivered to customer upon completion of production, related portion of revenue is recognized based on point of delivery and rest part of contract consideration is recognized when relevant performance obligations are satisfied.

We considered sales revenue as an item of significant audit areas during our audit because of its predominance in determining the financial performance of the company.

We have tested the design and operating effectiveness of key controls focusing on the

following:

- Obtaining an understanding of and assessing the design and operating effectiveness of controls designed to ensure that revenue is recognized in the appropriate accounting period.
- Segregation of duties in invoice creation and modification.
- Timing of revenue recognition considering step by step procedure.
- Obtaining understanding and documenting the process of revenue recognition and measurement followed by the company.
- Tracing performance obligations stipulated and contract with invoice and delivery challan issued to evaluate point of recognition and measurement.
- Testing occurrence and accuracy of sales revenue recognized by inspecting source documents such as contract made with the customer, delivery challan and VAT challan.
- Finally assessing the appropriateness and presentation of disclosure notes with IFRS 15: Revenue from contracts with customers.

Please see note no. 25.00 to the statement of profit or loss & other comprehensive income.

Valuation of Inventory and Project in Progress

R. K. TOWER (LEVEL-10 & 6) 86, Bir Uttam C.R. Datta Road (312, Sonargaon Road), Dhaka-1205 Tel : 88-02-9635139, 88-02-223364597

Tel : 88-02-9635139, 88-02-223364597 Mobile : 01552-575775, 01711-520770

01922-117370, 01757-941837 01312-501076, 01711-535885 01645-738747, 01920-719463

E-mail : shirazkhanbasak@yahoo.com Website: www.shirazkhanbasak.com.bd

Risk

As at 30 June 2021, the reported amount of inventory is Tk. 357,081,053 & project in progress is Tk. 192,689,219 held in plants, warehouses and at different locations across the country.

Closing inventories were held at factory premises and at different project location of the company. Since determining valuation of these inventories involves management judgements which results in estimation uncertainty, we considered this an area of significant audit attention to be emphasized during the audit.

The cost allocation of projects in progress were calculated on the basis of project completion. The transfer made during the year from project in progress to revenue was on the basis of ratio of project completion stage and the amount previously recognized.

Our response to the risk

We verified the appropriateness of management's assumptions applied in calculating the value of the inventory as per International Accounting Standard (IAS) by:

- Evaluating the design and implementation of key inventory controls operating across the factory and different project location and warehouse.
- We checked whether the inventories were maintained in good condition and maintaining all compliances.
- Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the year.
- Checking the reconciliation and movement of inventory from factory to projects and stock in projects.
- Obtaining management's confirmation related to project in progress reports and movement of stock/stock hold in projects.
- Obtaining a detailed review with the subsequent sales to compare with the net realizable value.

Please see note no. 8.00 & 7.01 to the financial statements

Valuation of Property, Plant and Equipment

The carrying value of the PPE is Tk. 884,774,242 as at 30 June, 2022. The valuation of PPE was identified as a key audit matter due to the significance of this balance to the financial statements.

PPE comprises both owned and assets procured under finance lease. Items of PPE are subject to recognition and measurement criteria only after satisfactory meeting relevant requirement as per IAS 16: Property, plant and equipment, we identified this element of the assets as an area with higher risk of material misstatement which would require significant audit attention during our audit.

Our audit included the following procedures:

- We assessed whether the accounting policies in relation to the capitalization of expenditures are in compliance with IFRS and found them to be consistent.
- We obtained a listing of capital expenditures incurred during the year end, on a sample basis, checked whether the items were procured during the year.
- We checked and verified the relevant documents of IPO proceeds weather it was used for the purpose of implementation of new projects.
 - We verified the invoices on sample basis to segregate the capital and operating

Risk	Our response to the risk
	expenditure and found that the transactions are appropriately classified.
	Inspecting supporting documents for the acquisition of PPE made during the year to test the accuracy and ownership.
	Physically inspected the existence of sample PPEs during our audit at the factory premises.
	Assessing the appropriateness and presentation of disclosures notes to the financial statements with the requirement of IAS 16 and other relevant IFRSs.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, The Companies Act 1994, The Securities and Exchange Rules 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Companies Act, 1994 require the management to ensure effective internal audit, internal control and risk management functions of the company.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from

R. K. TOWER (LEVEL-10 & 6) 86, Bir Uttam C.R. Datta Road (312, Sonargaon Road), Dhaka-1205 Tel :88-02-9635139, 88-02-223364597 Mobile :01552-575775, 01711-520770

01922-117370, 01757-941837 01312-501076, 01711-535885 01645-738747, 01920-719463

E-mail : shirazkhanbasak@yahoo.com Website : www.shirazkhanbasak.com.bd

fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,
 forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosers are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and event in a
 manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the company to express an opinion on the financial statements we are responsible for the
 direction, supervision and performance of the company audit. We solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with The Companies Act 1994, The Securities and Exchange Rules 1987, relevant notifications issues by Bangladesh Securities and Exchange Commission and Financial Reporting Council Bangladesh quideline, we also report that:

(c) Statement of Changes in Equity for the Year ended 30 June 2022;;

(d) Statement of Cash Flows for the Year ended 30 June 2022; and

(e) Notes, comprising summary of significant accounting policies and other explanatory information for the year ended 30 June 2022:

3.0 Summary of Significant Accounting Policies:

The accounting policies set out below have been applied consistently (otherwise as stated) to all periods presented in these Financial Statements.

3.1 Accounting Convention and Basis:

The Financial Statements have been prepared in accordance with International Accounting Standards (IASs), International Financial Reporting Standards (IFRSs), the Companies Act, 1994 and other laws and regulations applicable for these financial statements.

3.2 Comparative Information:

Comparative information has been disclosed as required by IAS 34: 'Interim Financial Reporting' in respect of the previous period for all numerical information in the current Financial Statements as below:

Statements of Financial Position as of the end of the preceding financial period

Statements of Comprehensive Income for the comparable of the preceding financial period.

Statements of Changes in Equity for the comparable of the preceding financial period

Statement Cash Flows for the comparable if the preceding financial period

Previous period figure has been rearranged whenever considered necessary to ensure comparability with the current period presentation.

Property, Plant and Equipment: 3.4

Recognition and Measurement: 3.4.1

All property, plant and equipment are initially accounted for at cost and depreciated over their

expected useful life in accordance with IAS-16 "Property, Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use inclusive of inward freight, duties and nonrefundable taxes. Expenses capitalized also include applicable borrowing cost. On retirement or otherwise disposal of fixed assets, the cost and accumulated depreciation are eliminated and any gain or loss on such disposal is reflected in the statement of profit or loss and other comprehensive income which is determined with reference to the net book value of the assets and the net sales proceeds.

3.4.2 Depreciation:

Depreciation is charged on all fixed assets on a reducing balance method except land and land development. No depreciation is charged on land and land development. Depreciation of an asset begins when it is available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

The annual rates of depreciation applicable to the principal categories of fixed assets are:

Land & Land Development	Rate
Building & Civil construction	0%
Electric Equipment's & Installation	2.5%
Furniture & Fixture	10%
Plant & Machinery	10%
Vehicle	5%
Office Equipment	10%
	10%

The Company used branded plant and machinery in its production process which was procured form China & European countries. With a small maintenance, the life of the assets can be strengthened and can be modified as per the requirement of the Company. That is why the depreciation on plant and machineries are 5%. The factory buildings life time are also considered 40 years which is very reasonable. That is why, the rate is 2.5%. Another reason is that the main factory building is built with RCC structures and other factory buildings were built with prefabricated structures. And Other Fixed Asset's life time is considered 10 years which is very reasonable.

3.4.3 Retirements and disposals

An asset is derecognized upon disposal or when no future economic benefits are expected from its use and subsequent disposal. Gains or losses arising from the retirement or disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset is recognized as gain or loss from disposal of asset under other income in the statement of comprehensive income.

3.5 Borrowing cost

Interest and other cost incurred in the Company in connection with the borrowing of fund are recognized as expenses in the year in which they are incurred unless such borrowings cost related to acquisition/construction of assets in progress that are required to capitalized as per IAS-23: "Borrowing Cost".

3.6 Impairment of Assets:

The management of the Company takes physical stocks periodically and recognition of the assets were made accordingly considering the usable condition, wear and tear of the assets as follows:

- i) The valuation of Property, Plant & Equipment has been made on the basis of the usable condition of the assets as per IAS-36 Impairment of Assets.
- ii) The management of the Company has conducted physical verification of Property, Plant & Equipment on 30.06.2022.

3.7 Financial Instruments:

A financial instrument is any contract that gives to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.8 Financial Assets:

The Company initially recognizes receivable and deposit on the date that they are originated. All other financial assets are recognized initially on the dated at whom the Company becomes a party to the contractual provisions of the transaction. Financial assets include cash and cash equivalents, account receivables, and long term receivables and deposit.

3.8.1 Project in Progress:

This is a long term asset account when it forecast for more than a year. Accumulates cost of a project has not yet been placed into service. When the project is finished and placed into the service, the cost is removed from this account and is recorded in revenue.

Project investments are included with significant construction activities and mainly purchases of raw materials for construction of projects. The costs are associated with direct cost and it is exactly projects cost. These costs are included in cash forecast for more than a year to complete the projects and the proportional completion costs are transferred to the Statement of Profit or Loss and other Comprehensive Income each year until complete the projects in full. Current portion of project in progress shown in Current Assets under the head of 'Inventory' and Non-Current portion of project in progress shown in Non-Current Assets.

3.8.2 Inventories:

Inventories consisting of raw materials, work in progress, finished goods are valued at lower of cost and net realisable value as per IAS 2: Inventory. Cost of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using the weighted average cost formula. Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying amount of inventories to the lower of cost and net realisable value. Net realisable value is based on estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Impairment of Inventories

Impairment of inventory is made as and when inventory became obsolete or unusable or for slow moving items for which the management of the company is giving decisions from time to time. Based on sales cycle of slow moving items, the sales prices of the products may decreases over time. The management of the Company reviews the carrying amounts of its inventory (Balance Sheet Date) to determine whether there is any indication of impairment In accordance with IAS-2: 'Inventories'. When the sales price moves below the inventory cost prices, the loss on sales is recognized immediately in the Financial Statements. However, there was no indication of impairment of inventory during the period; and as such, no adjustment was given in the Financial Statements for impairment.

3.8.3 Trade and Other Receivables:

These are carried forward at their original invoiced value amount and represents net realizable value. Management considered the entire bills receivable as good and is collectable and therefore, no amount was provided for as bad debt in the current year's account.

3.8.4 Advances, Deposits and Prepayments:

Advances are initially measured at cost. After initial recognition advances are carried at cost less deduction, adjustment or charges to other account heads such as property, plant and equipment, inventory or expenses.

Deposits are measured at payment value.

Prepayments are initially measure at cost. After recognition of prepayments are carried at cost less charges to Statement of Profit or Loss and other Comprehensive Income.

3.8.5 Cash and Cash Equivalents:

For the purpose of Financial Position and Statement of Cash Flows, Cash in hand and Bank balances represent cash and cash equivalents considering the IAS-1 "Presentation of Financial Statements" and IAS-7 "Cash that Cash and Cash equivalents are readily convertible to known amounts of Cash and are subject to an insignificant risk of changes in value and are not restricted as to use.

3.9 Financial Liability:

The Company initially recognized debt securities issued and subordinated liabilities and the date that they are originated. All other financial leases obligations, loans and borrowings, account payables and other payables.

3.9.1 Trade & Other Payables :

The Company recognizes a financial liability when its contractual obligations arising from the past events are certain and the settlement of which is expected to result in and outflow from the Company of resources embodying economic benefit.

3.10 Statement of Cash Flows:

Statement of Cash Flows is prepared principally in accordance with IAS-7 "Statement of Cash Flows" and the cash flow from the operating activities have been presented under direct method as prescribed by the Securities and Exchange Rules 1987 and considering the provisions of Paragraph 19 of IAS-7 which provides that "Entitises are encouraged to report Cash Flows from Operating Activities using the Direct Method" as well as the indirect method in notes to the Financial Statements.

3.11 Provisions:

Provision, Contingent Liabilities and Contingent Assets

The financial statements are prepared in conformity with IAS 37 "Provision, contingent Liabilities and Contingent Assets", which requires management to ensure that appropriate recognition criteria and measurement bases are applied to provision for outstanding expenses, contingent liability, assets and that sufficient information is disclosed in the notes to the accounts to enable its users for their understanding about its nature, timing and amount. In accordance with the guidelines as prescribed by IAS-37 provisions were recognized in the following situations:

When the company has a present obligation as a result of the past event.

When it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and

Reliable estimate can be made about the sum of the obligation.

We have shown the provision in the statement of financial position at an appropriate level with regard to an adequate provision for risks and uncertainties. The sum of provision estimated and booked represents the reliable estimate of the probable expenses incurred but not paid, which is required to fulfill the current obligation on the Balance Sheet Date.

3.12 Revenue Recognition:

In compliance with the requirements of IFRS-15 "Revenue from Contracts with Customers", an entity shall account for a contract with a customer only when all of the following criteria are met:

a) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;

b) The entity can identify each party's right regarding the goods or services to be transferred;

c) The entity can identify the payment terms for the goods or service to be transferred;

d) The contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and

e) It is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or service that will be transferred to the customer.

As per IFRS-15 the revenue of the company was recognized as follows:

- a) In case of percentage completion method, revenue is recognized on the stage of completion at the Balance Sheet date, taking into account the contractual price and revision there to by estimating total revenue including claim/variations and total cost till completion of the contract and the profit so determined proportionate to the percentage of the actual work done.
- b) In case of Lump sum contracts, revenue is recognized on the completion of milestones as specified in the contract or as identified by the management. Foreseeable losses are accounted for as and when they are determined except to the extent, they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.

In addition, prior year Financial Statements (upto 30 June 2018)were prepared in accordance with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs). The management has made an assessment of the difference between IFRS and BFRS (mainly IFRS-15 'Revenue from contract with Customers' and IAS-18 'Revenue') and concluded that there are no differences that would impact any numerical amount and disclosures in the financial statement. For better presentation, the management reconciled Statement of Profit or Loss and Other Comprehensive Income as well as Statement of Financial Position of the company with the effect of IFRS-15 para c(8) which is shown below:

3.13 Other Income

Other income includes wastage sales and interest income on FDR (if any). It is recognized as income as and when accrued.

3.14 Finance Expenses

Financial expense comprises interest expense on term loan, overdraft, and bank charge. All financial expenses are recognized in the statement of Profit or Loss and Other comprehensive income.

3.15 Earnings per Share

The Company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earnings per Share" Which has been shown on the face of the Profit or Loss and other Comprehensive Income.

3.15.1 Basic Earnings per Share

Basic earnings per share are calculated by dividing the earning attributable to the ordinary shareholders of the Company by the weighted average number ordinary share outstanding during the year.

3.16 Income Tax

Income tax expense comprised of current and deferred tax. Income tax expense is recognized in the Statement of Profit or Loss and Other Comprehensive Income and is accounted for in accordance with the requirement of IAS 12: "Income Taxes".

3.16.1 Current Tax

Current tax is the expected tax payable on the taxable income for the period/year and any adjustment to tax payable in respect of previous years as per the Provisions of Income Tax Ordinance, 1984 and duly amended by the Finance Act from time to time.

The effective tax rate of the Company is provided as follows:

Corporate Tax Rate of the Company	22.5%
Tax Rate on Other Income:	22.5%
Taxes on Interest on FDR	22.5%
Taxes on Dividend Income	20%
Minimum Tax Rate	0.60%

3.16.2 Deferred Tax

Deferred tax is made as per the balance sheet assets/liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax (basis used in the computation of taxable profit). Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that the taxable profits will be available against which the deductible temporary differences.

3.17 Sources of Information

During our course of preparation and presentation of the Financial Statements it has been considered the relevant financial documents and collected information throughout the accounting period ended 31 March 2021 after overlooking of the head of accounts.

3.18 Employee Benefit

The Company maintains defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds. The Company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: Employee Benefits. The cost of employee benefit is charged off as revenue expenditure in the period to which the contributions relate.

a) Short Term Employee Benefits

Short-term employee benefits include wages, salaries, festival bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

b) Contribution to Workers' Profit Participation and Welfare Funds

This represents 5% of net profit before tax, contributed by the Company as per provisions of the Bangladesh Labour Law, 2006 (Amended 2013). The fund will be transferred as per Bangladesh Labour Law, 2006 after completion of necessary legal process.

3.19 Events after the Reporting Period:

As per IAS-10 "Event after the Reporting Period" are those event favorable and unfavorable that occurred between the end of the reporting period and the date when the Financial Statements are authorized for the issue. There were no material events that occurred after the reporting period which

could affect the values in Financial Statements.

Fair Values

The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The fair value of trade and other short-term receivables are taken to approximate their carrying value. The fair value of financial assets and inabilities approximate their carrying value.

3.21 Operating Segments

No segmental reporting is applicable for the company as required by "IFRS-8: 'Operating Segments' as the company operates in a single industry segment and within as geographical segment.

3.22 Measurement of Expected Credit Losses (ECL)

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the company expects to receive). ECLs are discounted at the effective interest rate of the financial asset. At each reporting date, the company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. The Company expected that they have no credit losses on Trade Receivables.

3.23 General

i. Wherever considered necessary, previous period's figures have been rearranged for the purpose of comparison.

ii. Figures appearing in the Financial Statements have been rounded off to the nearest Taka.

8.00 Inventories

8.01 Valuation of Inventory and physical stocktaking

The management of the Company takes physical stocks periodically and valuation of stocks were made accordingly considering the wear and tear of the assets as follows:

i) The valuation of closing inventory has been made on the basis of lower of cost and net realizable value as per IAS-2.

ii) The management of the Company has conducted physical verification/stock taking of inventories on Inventories consisting of raw materials, work in progress, finished goods are valued at lower of cost and net realisable value as per IAS 2: Inventory. Cost of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using the weighted average cost formula. Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying amount of inventories to the lower of cost and net realisable value as the board approve from time to time. Net realisable value is based on estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Impairment of Inventories

Impairment of inventory is made as and when inventory became obsolete or unusable or for slow moving items for which the management of the company is giving decisions from time to time. Based on sales cycle of slow moving items, the sales prices of the products may decreases over time. The management of the company reviews the carrying amounts of its inventory (Balance Sheet Date) to determine whether there is any indication of impairment In accordance with IAS-2: 'Inventories'. When the sales price moves below the inventory cost prices, the loss on sales is recognized immediately in the Financial Statements. However, there was no indication of impairment of inventory during the year; and as such, no adjustment was given in the Financial Statements for impairment.

40.00 Financial Risk Management

The management of Company has overall responsibility for the establishment and oversight of the Company's risk management framework. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has exposure to the following risk for its use of financial instruments.

Credit Risk Liquidity Risk Market Risk

Credit Risk

Credit risk is the risk of a financial loss to the Company if a customer or counterparty to a financial instrument

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach in managing liquidity (cash and cash equivalents) is to ensure as far as possible, that it will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions without incurring unacceptable losses or risking damage to the Company's reputation. Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses including financial obligation through preparation of the cash flow forecast with due consideration of time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. In extreme stressed conditions the Company may get support from the related Company in the form of short term financing.

Market Risk

Market risk is the risk that any changes in market prices such as foreign exchange rates and interest will affect the Company's income or the value of its holdings financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

(a) Currency risk

The Company is exposed to currency risk on certain revenues and purchases such as revenue from foreign customers and import of raw materials, machineries and equipment. Majority of the Company's foreign currency transactions are denominated in USD and relate to procurement of materials, machineries and equipment from abroad.

(b) Interest rate risk

Interest rate risk is the risk that arises due to changes in interest rates on borrowing. The foreign currency loan is subject to floating rates of interest. Local loans are, however, not significantly affected by fluctuations in interest rate risk. The Company has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.

41.00 Reconciliation of Net Income or Net Profit with Cash Flows from Operating Activities (Indirect Method) the requirement of Bangladesh Securities and Exchange Commission notification no. BSEC/CMRRCD/2006-158/308/Admin/81, Dated 20 June 2018.
