Dominage Steel Building Systems Limited Audit Report and Audited Financial Statements For the year ended 30th June 2024

Khan Wahab Shafique Rahman & Co.

CHARTERED ACCOUNTANTS SINCE 1968

INDEPENDENT AUDITOR'S REPORT TO THE SHARE HOLDERS OF DOMINAGE STEEL BUILDING SYSTEMS LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of **Dominage Steel Building Systems Limited** (the Company), which comprise the statement of financial position as at 30 June 2024, and statement of Profit or Loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects of the financial position of **Dominage Steel Building Systems Limited** as at 30 June 2024, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the 'International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in jurisdictions, and we have fulfilled our other ethical responsibilities in accordance these requirements and with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

- As disclosed in note no. 35.01 of the financial statement, the company's EPS has significantly fell due to decrease in revenue and overall market conditions.
- The total IPO Fund was not utilized within the stipulated time and the company has applied further time extension to Bangladesh securities exchange commission up to December 2024.
- The company has capitalized the dredger purchased using IPO proceeds under Property, Plant, and Equipment during the year, as disclosed in Note No. 4.00. The dredger was initially

Tel: 02333320056, E-mail: kwsrctg@gmail.com

scheduled for installation and assembly completion by November 2022. However, due to delays from the supplier, the timeline was extended to May 2023. The installation was completed in May 2023, and the dredger was appropriately capitalized at that time.

- As disclosed in note no. 18.01, an amount of \$1674.83 equivalent to TK. 197,630 was received in FC Account for IPO that remain untraceable by the company but was reflected in cash & cash equivalent as against to other liabilities.
- 5. Some items of purchase and payments were made other than banking channel.

Our opinion is not modified in respect of these above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our response to the risk

Revenue Recognition

During the year ended 30 June 2024, total reported revenue is of Tk. 187,729,653 The company generates revenue through execution of contracts with Government & Non-Government Institutions and other local parties.

Sales revenue recognized by the company comprises multiple streams. At first, when contract is signed steel component is delivered to customer upon completion of production, related portion of revenue is recognized based on point of delivery and rest part of contract consideration is recognized when relevant performance obligations are satisfied.

We considered sales revenue as an item of significant audit areas during our audit because of its predominance in determining the financial performance of the company.

We have tested the design and operating effectiveness of key controls focusing on the following:

- Obtaining an understanding of and assessing the design and operating effectiveness of controls designed to ensure that revenue is recognized in the appropriate accounting period.
- Segregation of duties in invoice creation and modification.
- Timing of revenue recognition considering step by step procedure.
- Obtaining understanding and documenting the process of revenue recognition and measurement followed by the company.
- Tracing performance obligations stipulated and contract with invoice and

Risk	Our response to the risk
	delivery challan issued to evaluate point of recognition and measurement.
	Testing occurrence and accuracy of sales revenue recognized by inspecting source documents such as contract made with the customer, delivery challan and VAT challan.
	Finally assessing the appropriateness and presentation of disclosure notes with IFRS 15: Revenue from contracts with customers.

Please see note no. 25.00 to the statement of profit or loss & other comprehensive income.

Valuation of Inventory and Project in Progress

As at 30 June 2024, the reported amount of inventory is Tk. 348,618,026 & project in progress is Tk. 164,892,183 held in plants, warehouses and at different locations across the country.

Closing inventories were held at factory premises and at different project location of the company. Since determining valuation of these inventories involves management judgements which results in estimation uncertainty, we considered this an area of significant audit attention to be emphasized during the audit.

The cost allocation of projects in progress were calculated on the basis of project completion. The transfer made during the year from project in progress to revenue was on the basis of ratio of project completion stage and the amount previously recognized. We verified the appropriateness of management's assumptions applied in calculating the value of the inventory as per International Accounting Standard (IAS) by:

- Evaluating the design and implementation of key inventory controls operating across the factory and different project location and warehouse.
- We checked whether the inventories were maintained in good condition and maintaining all compliances.
- Reviewing the historical accuracy of inventory provisioning and the level of inventory write-offs during the year.
- Checking the reconciliation and movement of inventory from factory to projects and stock in projects.
- Obtaining management's confirmation related to project in progress reports and movement of stock/stock hold in projects.

Risk	Our response to the risk
	Obtaining a detailed review with the subsequent sales to compare with the net realizable value.

Please see note no. 8.00 & 7.01 to the financial statements

Valuation of Property, Plant and Equipment

The carrying value of the PPE is Tk. 1,003,519,247 as at 30 June, 2024. The valuation of PPE was identified as a key audit matter due to the significance of this balance to the financial statements.

PPE comprises both owned and assets procured under finance lease. Items of PPE are subject to recognition and measurement criteria only after satisfactory meeting relevant requirement as per IAS 16: Property, plant and equipment, we identified this element of the assets as an area with higher risk of material misstatement which would require significant audit attention during our audit.

Our audit included the following procedures:

- We assessed whether the accounting policies in relation to the capitalization of expenditures are in compliance with IFRS and found them to be consistent.
- We obtained a listing of capital expenditures incurred during the year end, on a sample basis, checked whether the items were procured during the year.
- We checked and verified the relevant documents of IPO proceeds weather it was used for the purpose of implementation of new projects.
- We verified the invoices on sample basis to segregate the capital and operating expenditure and found that the transactions are appropriately classified.

Risk	Our response to the risk
	Inspecting supporting documents for the acquisition of PPE made during the year to test the accuracy and ownership.
	Physically inspected the existence of sample PPEs during our audit at the factory premises and current location of dredger.
	Assessing the appropriateness and presentation of disclosures notes to the financial statements with the requirement of IAS 16 and other relevant IFRSs.

Please see note no. 4.00 to the financial statements

Recoverability Assessment of Trade Receivables

The total amount of trade receivable is Tk. 219,737,791 at 30 June, 2024. There are significant large number of individual small customers. Customers in different business segments and jurisdictions are subject to their independent business risk.

The increasing challenges over the economy and operating environment in the manufacturing industry during the year have increased the risks of default on receivables from the customers. In particular, in the event of insolvency of customers, the company is exposed to potential risk of financial loss when the customers fail to meet their contractual obligations in accordance with the requirements of the agreements.

Accordingly, we identified the recoverability of trade receivables as a key audit matter because of the significance of trade receivables to Company's Financial Position and because of the significant degree of management judgment involved in evaluating the adequacy of the allowance for doubtful debts.

Our audit procedures of assess the recoverability of trade receivables including the following:

- Tested the accuracy of ageing of Trade receivable at year end on a sample basis;
- Evaluating the Company's policy for making allowance for doubtful debts with reference to the requirements of the prevailing accounting standards;
- Assessing the classification of trade receivables in the trade receivable ageing report by comparison with sales invoice and other underlying documentation on a test basis;
- We physically visited the project under existing contract and selected sample of customers from the outstanding lists to confirm the balances directly from the customers as on the date.
- Assessed the recoverability of the receivables on a sample basis through our evaluation of management's

Risk	Our response to the risk	
	assessment with reference to the credit profile of the customers, historical payment pattern of customers; and Inspecting subsequent bank receipts from customers and other relevant underlying documentation relating to trade receivable balances at 30 June 2024;	

Other Information

Management is responsible for the other information. The other information comprises all of the information other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the board of directors of the Company.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, the Companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Dominage Steel Building Systems Limited ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Dominage Steel Building Systems Limited or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 The risk of not detecting a material misstatement resulting from fraud is higher than for
 one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management but not for the purpose expressing an opinion on the effectiveness of the company's internal control.
- Conclude on the appropriateness of management's use of the going concern basis of
 accounting and, based on the audit evidence obtained, whether a material uncertainty
 exists related to events or conditions that may cast significant doubt on the company's
 ability to continue as a going concern. If we conclude that a material uncertainty exists, we
 are required to draw attention in our auditor's report to the related disclosures in the
 financial statements or, if such disclosures are inadequate, to modify our opinion. Our
 conclusions are based on the audit evidence obtained up to the date of our auditor's

report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the company's financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the
 entities or business activities within the Company to express an opinion on the financial
 statements. We are responsible for the direction, supervision and performance of the
 company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, the Securities and Exchange Rules 2020 and other applicable laws and regulations, we also report the following:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the company so far as it appeared from our examination of these books;

- c) the statements of financial position and statements of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of accounts and returns.
- d) The expenditure incurred and payments made were for the purposes of the company's business.

2.6 Currency Presentation:

2.6.1 Functional and Presentational Currency and Level of Precision:

The Financial Statements are prepared in Bangladesh Taka (Taka/Tk/BDT) which is the Company's both functional currency and presentation currency. All financial information presented in Taka and has been rounded off to the nearest Taka.

2.6.2 Foreign Currency Transaction/Translation:

Foreign currency transactions are translated into Bangladeshi Taka at the exchange rates ruling at the transaction dates according to IAS 21: "The effect of clumges in Foreign Exchange Rates". Monetary assets and liabilities denominated in the foreign currencies are translated at prevailing rates on the balance sheet (financial position) date. Non-monetary assets and liabilities denominated in foreign currencies, which are related at historical cost are translated into Bangladeshi Taka at the exchange date ruling at the date of transactions, Foreign exchange fluctuation gain/loses are charged to Statement of profit or loss and other comprehensive income for the respective period.

2.7 Materiality and Aggregation:

Each material class of similar items is presented separately in the Financial Statements. Items of a dissimilar nature or function are presented separately unless they are immaterial.

2.8 Use of Estimates and Judgments:

The preparation of financial statements requires management to asake judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an angoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amount recognized in the Financial Statements. The account judgments, estimates and assumptions are used in the following heads of Accounts for the preparation of Financial Statements:

Note: 3.02.1 Recognition, Measurement and Disclosure of Property, Plant & Equipment

Note: 3.02.2 Depreciation on Property, Plant and Equipment

Note: 3.5 Impairment of Assets

Note: 3.7.2 Inventories (Provision for Damage & Obsolete)

Note: 3.10. Provision

Note: 3.7.3 Accounts receivables (Trade Debtors)

Note: 3.8.1 Trade and other Payables Note: 3.11 Revenue recognition

Note: 2.6.2 Foreign Currency Transactions and Translations

Note: 3.17 Employees Benefits Note: 3.13 Finance Expenses

Note: 3.15 Income Taxes (Current and Deferred Tax)

2.9 Components of Financial Statements:

The presentation of these Financial Statements is in accordance with the guidelines provided by IAS-1: "Presentation of Financial Statements", A complete set of Financial Statements comprises:

- (a) Statement of Financial Position as at 30 June 2024;
- (b) Statement of Profit or Loss and other Comprehensive Income for the Year ended 30 June 2024
- (c) Statement of Changes in Equity for the Year ended 30 June 2024;
- (d) Statement of Cash Flows for the Year ended 30 June 2024; and
- (e) Notes, comprising summary of significant accounting policies and other explanatory information for the year ended 30 June 2024.

3.00 Summary of Significant Accounting Policies:

The accounting policies set out below have been applied consistently (otherwise as stated) to all periods presented in these Financial Statements.

3.1 Accounting Convention and Basis:

The Financial Statements have been prepared in accordance with International Accounting Standards (IASs), International Financial Reporting Standards (IFRSs), the Companies Act, 1994 and other laws and regulations applicable for these financial statements.

3.2 Comparative Information:

Comparative information has been disclosed as required by IAS 34: Interim Financial Reporting* in respect of the previous period for all numerical information in the current Financial Statements as below:

- . Statements of Financial Position as of the end of the preceding financial period.
- · Statements of Comprehensive Income for the comparable of the preceding financial period.
- · Statements of Changes in Equity for the comparable of the preceding financial period.
- · Statement Cash Flows for the comparable if the preceding financial period.

Previous period figure has been rearranged whenever considered necessary to ensure comparability with the current period presentation.

3.3 Property, Plant and Equipment:

3.3.1 Recognition and Measurement:

All property, plant and equipment are initially accounted for at cost and depreciated over their expected useful life in accordance with IAS-16 "Property, Plant and Equipment". The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use inclusive of inward freight, duties and nonrefundable taxes. Expenses capitalized also include applicable borrowing cost.

On retirement or otherwise disposal of fixed assets, the cost and accumulated depreciation are eliminated and any gain or loss on such disposal is reflected in the statement of profit or loss and other comprehensive income which is determined with reference to the net book value of the assets and the net sales proceeds.

3.3.2 Depreciation:

Depreciation is charged on all fixed assets on a reducing balance method except land and land development. No depreciation is charged on land and land development. Depreciation of an asset begins when it is available for use i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

The annual rates of depreciation applicable to the principal categories of fixed assets are:

Particulars	Rate
Land & Land Development	0%
Building & Civil construction	2.50%
Electric Equipment's & Installation	10%
Furniture & Fixture	10%
Plant & Machinery	5%
Vehicle	10%
Office Equipment	10%

The Company used branded plant and machinery in its production process which was procured form China & European countries. With a small maintenance, the life of the assets can be strengthened and can be modified as per the requirement of the Company. That is why the depreciation on plant and machineries are 5%. The factory buildings life time are also considered 40 years which is very reasonable. That is why, the rule is 2.5%. Another reason is that the main factory building is built with RCC structures and other factory buildings were built with pre-fabricated structures. And Other Fixed Asset's life time is considered 10 years which is very reasonable.

3.3.3 Retirements and disposals

An asset is derecognized upon disposal or when no future economic benefits are expected from its use and subsequent disposal. Gains or losses arising from the retirement or disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset is recognized as gain or loss from disposal of asset under other income in the statement of comprehensive income.

3.4 Borrowing cost

Interest and other cost incurred in the Company in connection with the borrowing of fund are recognized as expenses in the year in which they are incurred unless such horrowings cost related to acquisition/construction of assets in progress that are required to capitalized as per IAS-23: "Borrowing Cost".

3.5 Impairment of Assets:

The management of the Company takes physical stocks periodically and recognition of the assets were made accordingly considering the usable condition, wear and tear of the assets as follows:

- The valuation of Property, Plant & Equipment has been made on the basis of the usable condition of the assets as per IAS-36 Impairment of Assets.
- The management of the Company has conducted physical verification of Property, Plant & Equipment on 30.06.2024.

3.6 Financial Instruments:

A financial instrument is any contract that gives to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.7 Financial Assets:

The Company initially recognizes receivable and deposit on the date that they are originated. All other financial assets are recognized initially on the dated at whom the Company becomes a party to the contractual provisions of the transaction. Financial assets include cash and cash equivalents, account receivables, and long term receivables and deposit.

3.7.1 Project in Progress:

This is a long term asset account when it forecast for more than a year. Accumulates cost of a project has not yet been placed into service. When the project is finished and placed into the service, the cost is removed from this account and is recorded in revenue.

Project investments are included with significant construction activities and mainly purchases of raw materials for construction of projects. The costs are associated with direct cost and it is exactly projects cost. These costs are included in each forecast for more than a year to complete the projects and the proportional completion costs are transferred to the Statement of Profit or Loss and other Comprehensive Income each year until complete the projects in full. Current portion of project in progress shown in Current Assets under the head of 'Inventory' and Non-Current portion of project in progress shown in Non-Current Assets.

3.7.2 Inventories:

Inventories consisting of raw materials, work in progress, finished goods are valued at lower of cost and net realisable value as per IAS 2: Inventory. Cost of inventories include expenditure incorred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using the weighted average cost formula. Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying amount of inventories to the lower of cost and net realisable value. Net realisable value is based on estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Impairment of Inventories

Impairment of inventory is made as and when inventory became obsolete or unusable or for slow moving items for which the management of the company is giving decisions from time to time. Based on sales cycle of slow moving items, the sales prices of the products may decreases over time. The management of the Company reviews the carrying amounts of its inventory (Balance Sheet Date) to determine whether there is any indication of impairment in accordance with IAS-2: 'Inventories', When the sales price moves below the inventory cost prices, the loss on sales is recognized immediately in the Financial Statements. However, there was no indication of impairment of inventory during the period; and as such, no adjustment was given in the Financial Statements for impairment.

3.7.3 Trade and Other Receivables:

These are carried forward at their original invoiced value amount and represents not realizable value. Management considered the entire bills receivable as good and is collectable and therefore, no amount was provided for as bad debt in the carrent year's account.

3.7.4 Advances, Deposits and Prepayments:

Advances are initially measured at cost. After initial recognition advances are carried at cost less deduction, adjustment, or charges to other account heads such as property, plant and equipment, inventory, or expenses.

Deposits are measured at payment value.

Prepayments are initially measure at cost. After recognition of prepayments are carried at cost less charges to Statement of Profit or Loss and other Comprehensive Income.

3.7.5 Cash and Cash Equivalents:

For the purpose of Financial Position and Statement of Cash Flows, Cash in hand and Bank balances represent cash and cash equivalents considering the IAS-1 "Presentation of Financial Statements" and IAS-7 "Cash that Cash and Cash equivalents are readily convertible to known amounts of Cash and are subject to an insignificant risk of changes in value and are not restricted as to use.

3.8 Financial Liability:

The Company initially recognized debt securities issued and subordinated liabilities and the date that they are originated. All other financial leases obligations, loans and borrowings, account payables and other payables.

3.8.1 Trade & Other Payables:

The Company recognizes a financial liability when its contractual obligations urising from the past events are certain and the settlement of which is expected to result in and outflow from the Company of resources embodying economic benefit.

3.9 Statement of Cash Flows:

Statement of Cash Flows is prepared principally in accordance with IAS-7 "Statement of Cash Flows" and the cash flow from the operating activities have been presented under direct method as prescribed by the Securities and Exchange Rules 1987 and considering the provisions of Paragraph 19 of IAS-7 which provides that "Entities are encouraged to report Cash Flows from Operating Activities using the Direct Method" as well as the indirect method in notes to the Financial Statements.

3.10 Provisions:

Provision, Contingent Liabilities and Contingent Assets

The financial statements are prepared in conformity with IAS 37 "Provision, contingent Liabilities and Contingent Assets", which requires management to ensure that appropriate recognition criteria and measurement bases are applied to provision for outstanding expenses, contingent liability, assets and that sufficient information is disclosed in the notes to the accounts to enable its users for their understanding about its nature, timing and amount. In accordance with the guidelines as prescribed by IAS-37 provisions were recognized in the following situations:

- ·When the company has a present obligation as a result of the past event.
- When it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and
- •Reliable estimate can be made about the sum of the obligation.

We have shown the provision in the statement of financial position at an appropriate level with regard to an adequate provision for risks and uncertainties. The sum of provision estimated and booked represents the reliable estimate of the probable expenses incurred but not paid, which is required to fulfill the current obligation on the Balance Sheet Date.

3.11 Revenue Recognition:

In compliance with the requirements of IFRS-15 "Revenue from Contracts with Customers", an entity shall account for a contract with a customer only when all of the following criteria are met:

- a) The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- b) The entity can identify each party's right regarding the goods or services to be transferred.
- c) The entity can identify the payment terms for the goods or service to be transferred;
- d) The contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- e) It is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or service that will be transferred to the customer.

As per IFRS-15 the revenue of the company was recognized as follows:

- a) In case of percentage completion method, revenue is recognized on the stage of completion at the Balance Sheet date, taking into account the contractual price and revision there to by estimating total revenue including claim/variations and total cost till completion of the contract and the profit so determined proportionate to the percentage of the actual work done.
- b) In case of Lump sum contracts, revenue is recognized on the completion of milestones as specified in the contract or as identified by the management. Foreseeable losses are accounted for as and when they are determined except to the extent, they are expected to be recovered through claims presented or to be presented to the customer or in arbitration.

3.12 Other Income

Other income includes wastage sales and interest income on FDR (if any). It is recognized as income as and when accrued.

3.13 Finance Expenses

Financial expenses comprise interest expense on term loan, overdraft, and bank charge. All financial expenses are recognized in the statement of Profit or Loss and Other comprehensive income.

3.14 Earnings per Share

The Company calculates Barnings per Share (EPS) in accordance with IAS-33 "Earnings per Share" Which has been shown on the face of the Profit or Loss and other Comprehensive Income.

3.14.1 Basic Earnings per Share

Basic earnings per share are calculated by dividing the earning attributable to the ordinary shareholders of the Company by the weighted average number ordinary share outstanding during the year.

3.15 Income Tax

Income tax expense comprised of current and deferred tax. Income tax expense is recognized in the Statement of Profit or Loss and Other Comprehensive Income and is accounted for in accordance with the requirement of IAS 12: "Income Taxes".

3.15.1 Current Tax

Current tax is the expected tax payable on the taxable income for the period/year and any adjustment to tax payable in respect of previous years as per the Provisions of Income Tax Act 2023 and duly amended by the Finance Act from time to time.

The effective tax rate of the Company is provided as follows:

Corporate Tax Rate of the Company	20.00%
Tax Rate on Other Income:	20.00%
Taxes on Interest on FDR	20.00%
Taxes on Dividend Income	20.00%
Minimum Tay Rate	0.60%

3.15.2 Deferred Tax

Deferred tax is made as per the balance sheet assets/liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax (basis used in the computation of taxable profit). Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that the taxable profits will be available against which the deductible temporary differences.

3.16 Sources of Information

During our course of preparation and presentation of the Financial Statements it has been considered the relevant financial documents and collected information throughout the accounting period ended 30 June 2024 after overlooking of the head of accounts.

3.17 Employee Benefits

The Company maintains defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds.

The Company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: Employee Benefits. The cost of employee benefit is charged off as revenue expenditure in the period to which the contributions relate.

a) Short Term Employee Beaufits

Short-term employee benefits include wages, salaries, festival bonuses etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

b) Contribution to Workers' Profit Participation and Welfare Funds

This represents 5% of net profit before tax, contributed by the Company as per provisions of the Bangladesh Labour Law, 2006 (Amended 2013). The fund will be transferred as per Bangladesh Labour Law, 2006 after completion of necessary legal process:

3.18 Events after the Reporting Period:

As per IAS-10 "Event after the Reporting Period" are those event favorable and unfavorable that occurred between the end of the reporting period and the date when the Financial Statements are authorized for the issue. There were no material events that occurred after the reporting period which could affect the values in Financial Statements.

3.19 Fair Values

The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The fair value of trade and other short-term receivables are taken to approximate their carrying value. The fair value of financial assets and inabilities approximate their carrying value.

3.20 Operating Segments

No segmental reporting is applicable for the company as required by "IFRS-8: "Operating Segments' as the company operates in a single industry segment and within as geographical segment.

3.21 Measurement of Expected Credit Losses (ECL)

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the company expects to receive). ECLs are discounted at the effective interest rate of the financial asset. At each reporting date, the company assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. The Company expected that they have no credit losses on Trade Receivables.

3.22 General

- Wherever considered necessary, previous period's figures have been rearranged for the purpose of comparison.
- ii. Figures appearing in the Financial Statements have been rounded off to the nearest Taka.

8.00 Inventories

8.01 Valuation of Inventory and physical stocktaking

The management of the Company takes physical stocks periodically and valuation of stocks were made accordingly considering the wear and tear of the assets as follows:

- i) The valuation of closing inventory has been made on the basis of lower of cost and net realizable value as per IAS-2.
- The management of the Company has conducted physical verification/stock taking of inventories on 30 June 2024

Inventories consisting of raw materials, work in progress, finished goods are valued at lower of cost and net realisable value as per IAS 2: Inventory. Cost of inventories include expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. Cost of inventories is determined by using the weighted average cost formula. Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying amount of inventories to the lower of cost and net realisable value as the board approve from time to time. Net realisable value is based on estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Impairment of Inventories

Impairment of inventory is made as and when inventory became obsolete or unusable or for slow moving items for which the management of the company is giving decisions from time to time. Based on sales cycle of slow moving items, the sales prices of the products may decreases over time. The management of the company reviews the carrying amounts of its inventory (Balance Sheet Date) to determine whether there is any indication of impairment In accordance with IAS-2: "Inventories". When the sales price moves below the inventory cost prices, the loss on sales is recognized immediately in the Financial Statements. However, there was no indication of impairment of inventory during the year, and as such, no adjustment was given in the Financial Statements for impairment.

35.01 Significant Deviation:

The company's revenue has decreased due to the ongoing global economic crisis, coupled with a slowdown in domestic industrialization and infrastructure development, which has led to a decline in demand for our products and services.

Net profit/(Loss) after tax has also decreased compared to the previous year due to less revenue, less other income and higher finance expenses compared to the previous year.

EPS has fallen as a result of increase in COGS due to higher cost of raw materials, high fluctuation in exchange rate, increase in fuel and electricity price, higher transportation and labor cost, price hike of steel materials from global manufacturers and high overhead.

Net cash flows from operating activities have decreased due to the decline in the total revenue & collection.

Net Asset Value (NAV) has declined in the current year compared to the previous year due to dividend payout for the year 2023 and less net profit after tax for the year.

36.00 Other Commitments, Contingencies and relevant information

The requirements of Schodule XI, Part II, Part 3, 4, 7 & 8 of the Companies Act. 1994.

36.01 Contingencies

There is no contingent event that may require recognition of contingent liabilities for the year ended 30 June 2024.

36.02 Capital expenditure commitment

There was no capital expenditure commitment or contract at 30 June 2024. There was no material capital expenditure authorized by the Board but not contracted for as at 30 June 2024.

36.03 Directors interest in contracts with the company

There was no transaction resulting in Director's interest with the company.

36.84 Related Party Disclosure as per para 23, IAS 24

The Company carried out a number of transactions with related parties in the normal course of business on arms longth basis.

40.00 Financial Risk Management

The management of Company has everall responsibility for the establishment and oversight of the Company's risk management framework. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company has exposure to the following risk for its use of financial instruments.

Credit Risk Liquidity Risk Market Risk

Credit Risk

Credit risk is the risk of a firancial loss to the Company if a enstormer or counterparty to a financial instrument fails to meet its contractual obligations and urises principally from the Company's receivables. Management has a credit policy in piace that are controlled and monitored in accordance with terms and conditions prescribed in work order. As at 30 June 2024 the entire part of the receivables are related to sale of goods and subject to insignificant credit risk. Risk exposures from other financial assets, i.e. Cash at bank and other external receivables are nominal.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach in managing fiquidity (cash and cash equivalents) is to ensure as far as possible, that it will always have sufficient fiquidity to meet its liabilities when due under both normal and stressed conditions without incurring unacceptable losses or risking damage to the Company's reputation. Typically, the Company ensures that it has sufficient cash and cash equivalents to meet expected operational expenses including financial obligation through preparation of the cash flow forecast with due consideration of time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. In extreme stressed conditions the Company may get support from the related Company in the form of short term financing.

Market Risk

Market risk is the risk that any changes in market prices such as foreign exchange rates and interest will affect the Company's income or the value of its holdings financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

(a) Currency risk

The Company is exposed to currency risk on certain revenues and purchases such as revenue from foreign customers and import of raw materials, machineries and equipment. Majority of the Company's foreign currency transactions are denominated in USO and relate to procurement of materials, machineries and equipment from abroad.

(b) Interest rate risk

Interest rate risk is the risk that arises due to changes in interest rates on borrowing. The foreign carrency lean is subject to floating rates of interest. Local loans are, however, not significantly affected by fluctuations in interest rate risk. The Company has not entered into any type of derivative instrument in order to hodge interest rate risk as at the reporting date.

41,00 Reconciliation of Not Income or Not Profit with Cash Flows from Operating Activities (Indirect Method) the requirement of Bungladesh Securities and Exchange Conamission notification us. BSEC/CMRRCD/2006-158/308/Admin/81, Dated 20 June 2018.
